

Friends:

Some of you will recall that we had an opportunity earlier this year to speak on child education from a biblical perspective to all of Atibaia's 700 public school teachers. As a result of your prayer and the open doors God has granted, we will be speaking in 3 different schools, this time to parents and teachers, during the next 7 days. We hope to have even more liberty to share the Gospel, but ask you to pray that this would be the case. The sessions are tonight (Thursday, Sept. 15), Saturday morning (Sept 17) and Wednesday, Sept. 21.

Also, a week from Saturday we fly to far northern Brazil (other side of the equator) for 9 days of ministry in a remote but significant Indian village (Mapuera), where 200 Wai-Wai leaders will gather for an intensive week of classes on the spiritual leader and his family. This is also well out of our comfort zone and we would appreciate your prayer for clarity, simplicity and cultural wisdom as we present the Scriptures.

Grateful for your intercession,

Dave and Carol Sue Merkh
